Our Mission Is Simple:

Make complying with EHS laws and regulations an asset, not a burden.

Total Has a Proven Track Record of:

Providing economical, efficient, flexible, turnkey solutions that deliver long-term benefits for the following services.

- 1) EHS Regulatory Compliance
- 2) Site Investigation and Remediation
- 3) Waste Management and Disposal
- 4) Engineering and Design

Total Strives to:

Achieve results that exceed expectations, add maximum value to operations and businesses, make a positive impact to a company's bottom line, be accessible, efficient, responsive, and technologically sophisticated, and provide high quality services with integrity, professionalism and respect.
